

Dear Tom and NPS NM
Board members,

We are so grateful for
the grant funding support
from the NPS NM sponsoring
a 2017 seed collection
intern. It is exciting to
continue this successful
native seed program, and
we plan to share progress
and stories with the
Native Plant Society. This
is also a wonderful
opportunity for youth
to gain hands on

experience working in
the field of conservation.

Thanks also for the
other way that NPS NM
has been supporting
our conservation programs
in NM - including
letters of support and
volunteer time helping
with native plant
education.

All the best,

Melanie Hilder
