

Spring 2015 GRANTS IN BOTANY

Native Plant Society of New Mexico - Otero Chapter

The Otero Chapter of the Native Plant Society of New Mexico is offering up to \$4100 in grants for the spring 2015 semester. The grant(s) may be awarded to one person or split among several applicants. Grant applications will be considered from New Mexico State University upper level undergraduates (juniors and seniors), as well as graduate students, with career interests in botany, ecology, conservation biology or land management that includes a focus on native plants of the Chihuahuan Desert. Funds are intended to assist with the implementation of the student's grant proposal.

- See Application Guidelines at <http://www.npsnm.org/about/chapters/otero/> for all requirements.
- Please turn in a complete application by 5pm Friday, February 6, 2015.
- E-mail Dr. Helgi Osterreich: hkasak@netmdc.com for additional information or questions.
