Wildlife Center**

*Securing a Future for Wildlife through Science and Education*

March 06, 2017

Native Plant Society of New Mexico  
ATTN Pamela McBride  
PO Box 35388  
Albuquerque, NM 87176-5388

Dear Pamela,

**Thank you** for your kind donation of \$1,500.00 that we received on February 27, 2017 for the Santa Fe Master Gardener's Program to purchase native plants, conduct weeding/burning projects, mulching, erosion control, etc.

As the new Executive Director of New Mexico Wildlife Center, I am deeply honored to join an organization with such generous donors.

Your contribution will support our important programs and help them to grow in 2017:

- More than 150 kids will learn science the way it was meant to be taught, through personal, hands-on experience.
- Hundreds of visitors and people from local communities will visit our education animals and learn about New Mexico wildlife first-hand.
- More than 800 injured and orphaned animals will be rescued, and many returned to their wild homes.
- As many as a thousand New Mexicans will breathe a little easier because our staff helped them to solve a wildlife dilemma through a phone call.

These are the things we will do because of your generosity. Thank you for being an important part of our mission to help wildlife!

Sincerely,

Melissa H. Moore  
Executive Director

*This grant will go a very long way towards helping us improve our native habitat on-site - thank you!*

If you aren't yet receiving our "Wild Times" e-newsletter, please let us know at [cheryl@newmexicowildlifecenter.org](mailto:cheryl@newmexicowildlifecenter.org) and we'll add you to the list. We'd love to keep you updated about what's going on at NMWC!

*New Mexico Wildlife Center is a 501(c)(3) nonprofit organization.  
No goods or services were received by you as a result of this donation.  
If you wish your donation to be anonymous, please let us know.*
