

THE UNIVERSITY OF TEXAS AT EL PASO

March 23, 2017

*Office of
Institutional
Advancement*

Dear Ms. Fix:

I am delighted to express the appreciation of The University of Texas at El Paso to you for your recent gift of \$600 for the UTEP Biodiversity Collections Program Fund.

As UTEP enters our second century of service to the people of Paso del Norte region, we look forward to new achievements with great anticipation and look back with pride on the many significant accomplishments that have brought the University to the brink of Tier One status. Our cutting-edge research, our standard setting innovations in multi-disciplinary areas, and our effectiveness as an engine of social mobility are sustained through visionary work and through the support of friends, partners and alumni.

Thank you, once again, for your commitment to UTEP and the people we serve.

Sincerely,

Benjamin Gonzalez
Vice President
